

# GMS Trench Grates and Frames

Mascot Engineering's GMS Trench Grate and Frames come in a standard 1000mm length for easier installation. Below you'll find the standard stock sizes, however we can manufacture custom grating sizes for your project.

[Heelproof](#) versions of these grates are also available.

## Meeting the Standards

All Mascot Engineering Galvanised Mild Steel grates are manufactured in accordance with AS3902 where applicable and to satisfy the requirements of AS1204 from Grade 250 structural steel. All welding complies with the guidelines set out in AS155 and all components are hot dip galvanised after fabrication in accordance with AS1650. Load ratings are in accordance with AS3996.

## Class B

Product Code	A (mm)	B (mm)	C (mm)	Length (mm)
TGFB150	150	210	30	1000
TGFB225	225	285	30	1000
TGFB300	300	380	40	1000

\*Note: Frames are supplied in 2m lengths. Grates are supplied in 1m lengths.

## Class D

Product Code	A (mm)	B (mm)	C (mm)	Length (mm)
TGFD150	150	230	40	1000
TGFD225	225	315	45	1000
TGFD300	300	430	65	1000

\*Note: Frames are supplied in 2m lengths. Grates are supplied in 1m lengths.
