

Technodrain

Channel Series: Evomax 200H B125

Technodrain

**Evomax 200H GMS
B125 (Class B load equivalent)**

CODE: TCEM200HB31Z

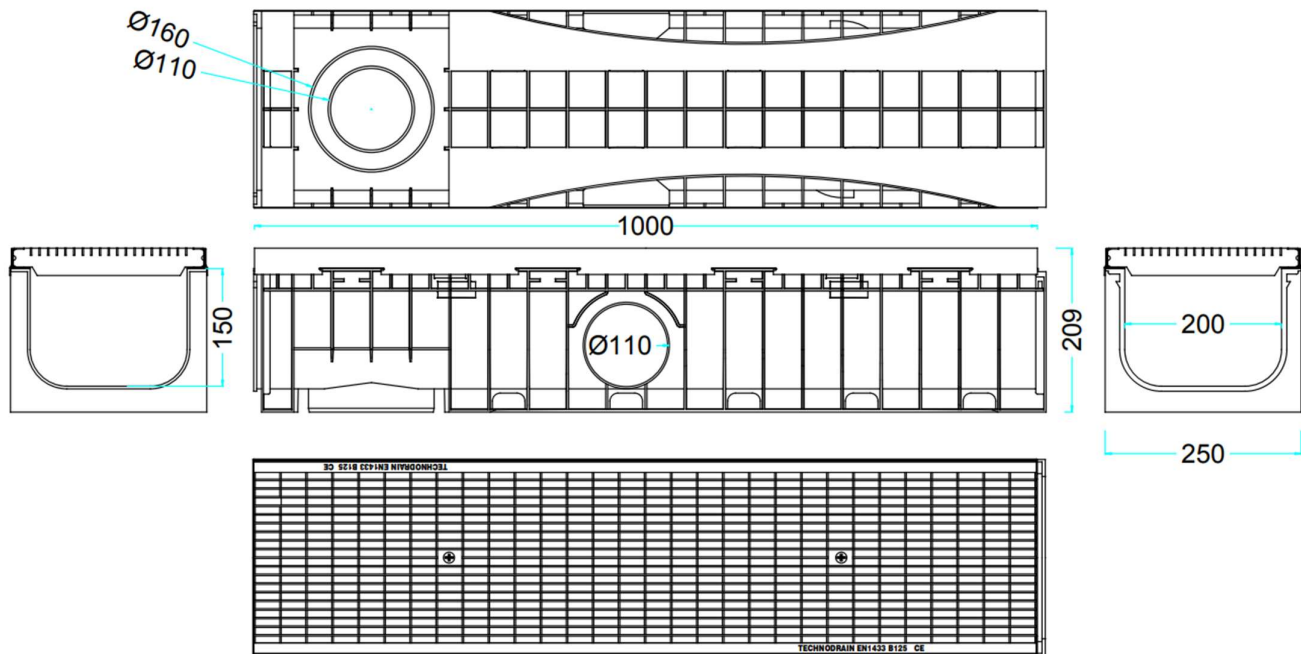

With a protective steel edge rail shielding the HDPE channel edge and simple heelproof (10mm) galvanised mild steel grating, this trench drain safeguards you from the heaviest of downpours whilst being pedestrian friendly.

With a Class B load rating, this is ideal for commercial and residential use.
